Re: Subject Selection for the 2010-11 School Year

Dear Parent(s) & Students,

The subject selection process is a very important one. It serves as the official registration for the upcoming school year. At this point your child has already made their selection in terms of options and electives for the following school year. Please take the time to review and discuss those selections with your child.

Please Note:

1. All students have been placed in the equivalent course at the next level regardless of current standing or success. Placement in all subjects is conditional to passing the prerequisite courses. The final placement will take place in June or in August in the case of students who will attend summer school.
2. Students who are not successful in certain courses or do not accumulate enough units/credits may have to repeat a course or the entire year. Furthermore, students who are not successful in advanced or enriched courses will be placed in regular sections.

N.B. - Students who fail the equivalent of 3 full courses and/or 2 majors, will repeat the year.

Copy #1 is to be **signed** by both the parent and the student **and returned** the next day **Wednesday, February 24, 2010** to your child's first period teacher. **Copy # 2** is to be kept at home for your personal records.

Yours in education,

Maria Palmieri
Principal
Lester B. Pearson High School
